#2 Training Days – Training days will be on February 23, March 9, March 23 and April 6. The fifth date will be scheduled at a later time, probably just before the second Hunt Test. Blaine and Pete will be talking to Fish and Game on January 15 to find out if the old Virgil Johnson property will be available for the first two dates. Blaine will also confirm with Jeff Weber for the next three dates. EVERYONE needs to be on the lookout for property for the training days (especially if the F&G won't let us use the old Virgil Johnson property) AND for Hunt test property.

#3 – A lengthy discussion on having a double header with IRC. After much discussion from most everyone about where and when to have the Double Header it was decided that we would have it with the IRC on June 2 and 3. We will have two Master tests, one Junior and one Senior. This year the TVHRC will run the Jr. and the IRC will do the Sr., in 2014 we will possibly have two JR. and Sr. depending on the availability of entries. IRC will start a Masters and Sr. on Saturday. TVHRC will start a Master on Saturday and have the Jr. on Sunday. We will limit the number of Master entries to 60 dogs. Laura Foster agreed to get it up and going on the computer and Willie Alderson volunteered to be the TVHRC Hunt Test Secretary and Laura Nordberg is the Hunt Test Secretary for the IRC.
